

Mickey Mouse New Year's Glitter Ball Mobile

1. Print the template on regular paper or cardstock and cut out the pieces.
2. Place a long piece of string in a straight line on a flat surface.
3. Place one half of the glitter ball below the string and the other half on top. Using glue or double-sided tape, secure the piece so the design is two-sided. The glitter ball should not be able to slide up or down the string.
4. Fold the remaining pieces in half along the dashed lines. With the string in the middle, secure each piece so the design is two-sided.
5. When the glitter ball mobile is finished, hang it up and get ready to ring in the new year!
