

Supplies: Scissors, glue, tape, and a small stick. (You can use a stirrer, small straw, pipe cleaner, etc.)

Step 1. Print out the flowers on regular paper or cardstock and cut them out.

Step 2. Gently fold the petals of each flower toward you. You can fold them close to the center of the flower, or for a different look, fold them more toward the outer end of each petal.

Step 3. Glue the small flower to the center of a larger flower. Glue or tape the stick you have chosen to the back of the larger flower. Give them to someone special on Valentine's Day!
