Goofy's License to Goof: Instructions

Step 1: Print out the license on regular paper or cardstock. Cut out the license. (Don't cut along the dashed line, this is where you will fold the license.)

Step 2: Flip the license over and spread glue on the side behind the main image of Goofy. Fold the license along the dashed line. Make sure your edges line up and press down firmly.

Step 3: Now get out there and act goofy!
