

ALIENS ATE MY HOMEWORK

HOW TO GROW
YOUR OWN PLANT
ACCORDING TO PHIL

YOU WILL NEED:

○ SEEDS ○ SMALL POT ○ WATER ○ SUNLIGHT ○ SOIL

HERE'S WHAT TO DO:

1. Fill small pot with potting soil.
2. Poke small holes in the soil with your finger.
3. Place seeds in each of the holes.
4. Cover seeds with soil.
5. Pour water into pot until soil no longer appears dry.
6. Place pot in direct sunlight.
7. Wait for seeds to grow.
8. Plot to take over the world!
