

# BLUE & MAGENTA EARS CRAFT

Whether you love to create DIY dress up costumes for everyday or you need a costume for Halloween, these DIY Blue's Clues & You! Blue and Magenta Ears are the perfect addition to your costume wardrobe. This DIY craft takes about an hour to put together, but the ears will need to sit for a couple of hours to set. (A great craft to do and let sit overnight.) Below are the supplies and directions you need to get crafting!

## Supplies

- Ear template
- Blue headband
- Pink/Magenta headband
- 12" x 18" Light blue felt
- Dark blue felt
- 12" x 18" Light pink felt
- Dark pink felt
- 4 chenille stems
- Scissors
- Clamps
- Glue  
(glue gun, felt glue or regular glue)

## Instructions

1. Print out the ear template and cut it out.
2. Fold your light blue felt in half. On the crease, cut out the shape of the ear, then do it again for the second ear. Because felt is a little finicky, you may have to do some trimming to smooth the edges
3. Glue the chenille stems inside the ear. These make the ears bendable and help them stand up.
4. Add glue around the edges of the ear and fold the ear sides together. NOTE: Do NOT glue the crease side of the felt. This is the part of the ear that will be slid and glued onto the headband later.
5. Cut out circles and jellybean shapes using the dark blue felt.
6. After cutting out the shapes, glue them onto your ears.
7. Slide your ears onto your headband and decide where you want to place them. Once you know where you want your ears to sit, glue them in place by gluing them to the top and bottom of the headband, then putting glue on the top part of the felt and folding the ear over onto itself.
8. Clamp the ear in place and let the glue dry for several hours or overnight.
9. Repeat steps 1-8 with the magenta headband and pink felts.
10. You now have Blue and Magenta Ears for Halloween or everyday dress-up!
