

Fun Tips for Discovering NEW TALENTS!

Just like the fairies of Pixie Hollow everyone has their own unique mix of abilities and so do you! These abilities are your talents, and you may have some special talents you haven't discovered yet. Here are some fun tips to help you identify your talents and discover new ones!

HAVE FUN! Your talent will definitely be something that you love to do. Make a list of your favorite activities. You may have some things on your list that are clearly talents. If your list was all about sports, then you have athletic talent. If you said that ballet is your favorite thing in the whole world, you probably have a dancing talent!

My Favorite Activities:

1. _____
2. _____
3. _____

NURTURE YOUR TALENT. When you find something that you think is a talent, trust yourself. Just like the fairies nurture flowers in Pixie Hollow to help them grow, you can help your talent grow by practicing and learning everyday.

Whether you are a future doctor, artist, chef, pianist, or president, it all starts now with discovering who you are!

LOOK AT THINGS IN A NEW WAY.

If your list doesn't seem helpful to you, look again. If you had watching television on your list, you might try doing a play with your friends at home. If you like shopping for clothes, maybe you would also enjoy fashion design!

This Equals That List:

ex. Watching television = Making a home movie

1. _____ = _____
2. _____ = _____
3. _____ = _____

TRY SOMETHING NEW. A lot of schools and communities offer kids opportunities to try new things. Be brave. Don't limit yourself. If you've always been into art, but a science class looks fun, try it. Who knows, you may be the next great scientist. The world will never know unless you take a chance. The great thing is there is no downside to trying new things. Even if you discover that something is not your talent. It is always valuable to learn new things.

New Things I Would Like To Try:

1. _____
2. _____
3. _____

New on Blu-ray™ Combo Pack & HD Digital April 1
