

FIND PATCHI

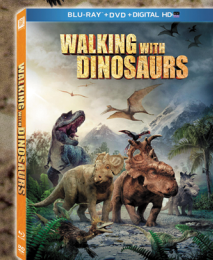

CAN YOU SPOT PATCHI IN THE HERD?

In *Walking With Dinosaurs: The 3D Movie*, Patchi is part of a Pachyrhinosaurus herd that stick together for safety and survival. The herd includes other dinosaurs too, like the feathered Alex (the Alexornis) who perches on Patchi and becomes his best friend. Although Patchi becomes the film's hero, he is not the biggest and toughest in his herd, so can you spot him among all the others below? The image of him on the left should help.

ANSWER: Patchi is in the far left. He has a green eye.
