# MATCH THAT DINOSAUR

## CAN YOU MATCH THE DINOSAURS?

Walking with Dinosaurs: The 3D Movie gives us the chance to see close-up what it was like when dinosaurs ruled the Earth. Dinosaurs came in a huge variety of shapes and sizes, from the enormous and scary Gorgosaurus to the small and feathered Alexornis. In this game, with a friend, carefully cut out the cards, and get an adult to help. Then place them face down in random order. Take turns picking up a card and find its match. If you don't find a pair, place the cards back. If you do find a pair, keep both cards. The aim is to memorize where the cards are, and the player with the most cards at the end wins.
