Apply glue to the back of this section and affix to the back of Muno.

## Instructions:

1. Cut out the inside and outside card templates. Glue them back to back.
2. Let the card dry and fold it horizontally in the middle.
3. Cut out the figures and the greeting banner along their dotted outlines.
4. Fold accordion-style inward along the solid lines and outward along the dotted lines.
5. Glue the figures at designated spots on the inside template; glue both ends of the banner to Brobee's hands.
