

# Lightsabers

## Lightsaber Instructions

1. Print at 100% (do not scale down) and cut out the hilt you want to use.
2. For Yoda's lightsaber shoto: Glue or tape hilt around an empty toilet paper roll.
3. For the generic Jedi's lightsaber: Glue or tape hilt around an empty paper towel roll.
4. For Darth Maul's double-bladed lightsaber: Use clear tape or duct tape to connect two paper towel rolls end to end. Then glue or tape hilt around the connected paper towel rolls.
