Cat Mask

Here is a useful tip before you get started!
For best results, print patterns onto cardstock or glue onto cardboard.

1. Using a color printer, print the cat mask template onto 8.5" x 11" paper.

2. Cut out the cat mask and whiskers along the outside.

3. Attach whiskers with glue and let dry. Connect string to the mask by poking holes in the white circles, threading the sting through and tying to secure.

4. Have a purr-fectly fun time wearing your new mask!
