

RING TOSS

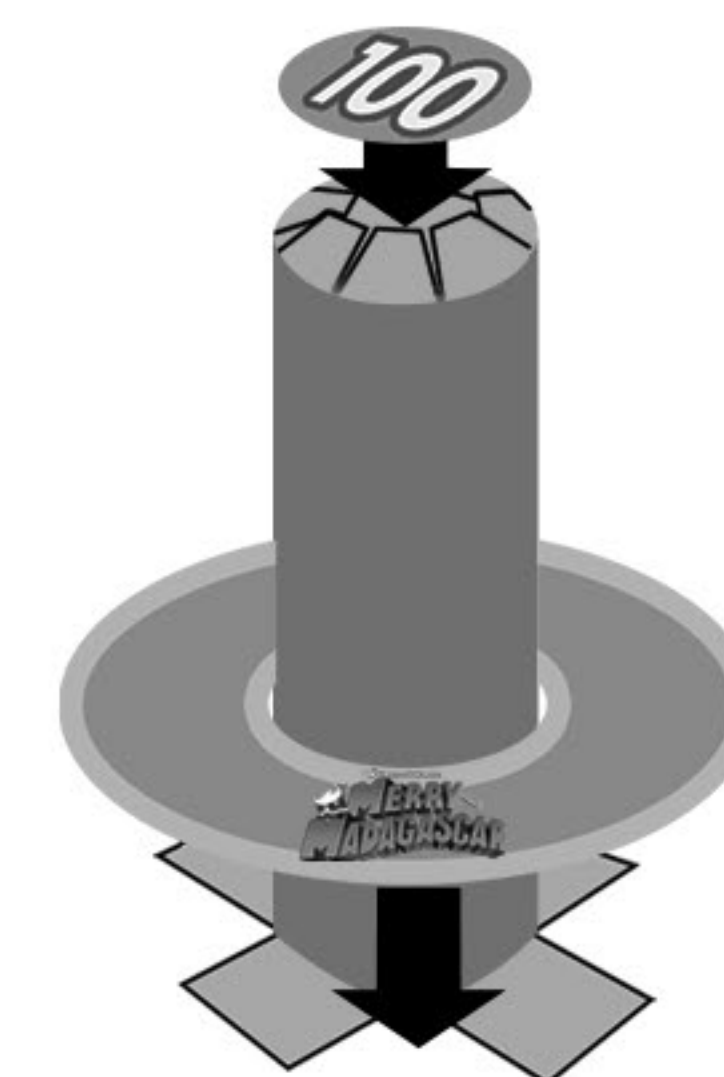

Includes 3 targets and 3 rings!

To Assemble the Targets:

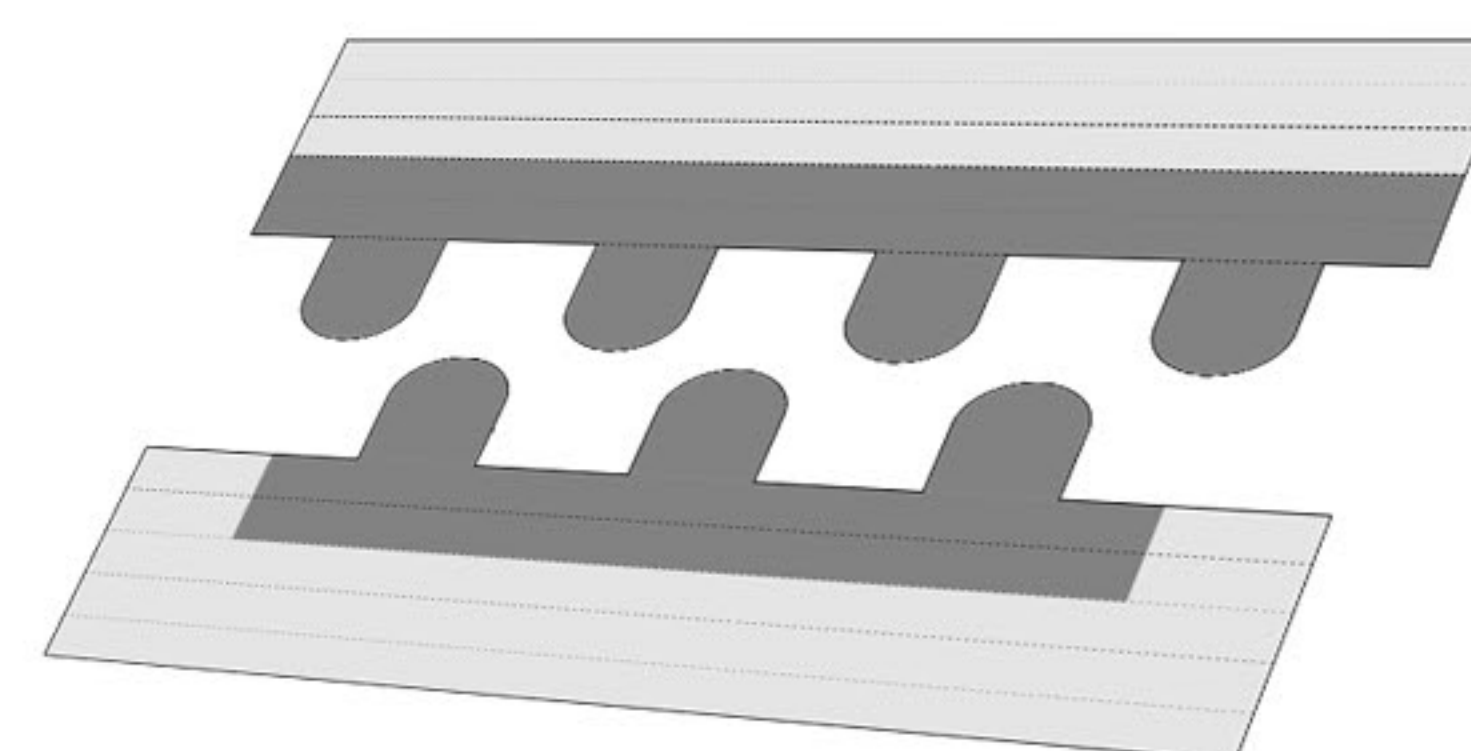

- 1) Roll the target into a tube until the edges of the picture meet. Glue or tape together.
- 2) Have an adult help you cut through all layers of the rolled paper along the lines at the bottom and top.
- 3) Fold the top tabs inward, and the bottom tabs out.

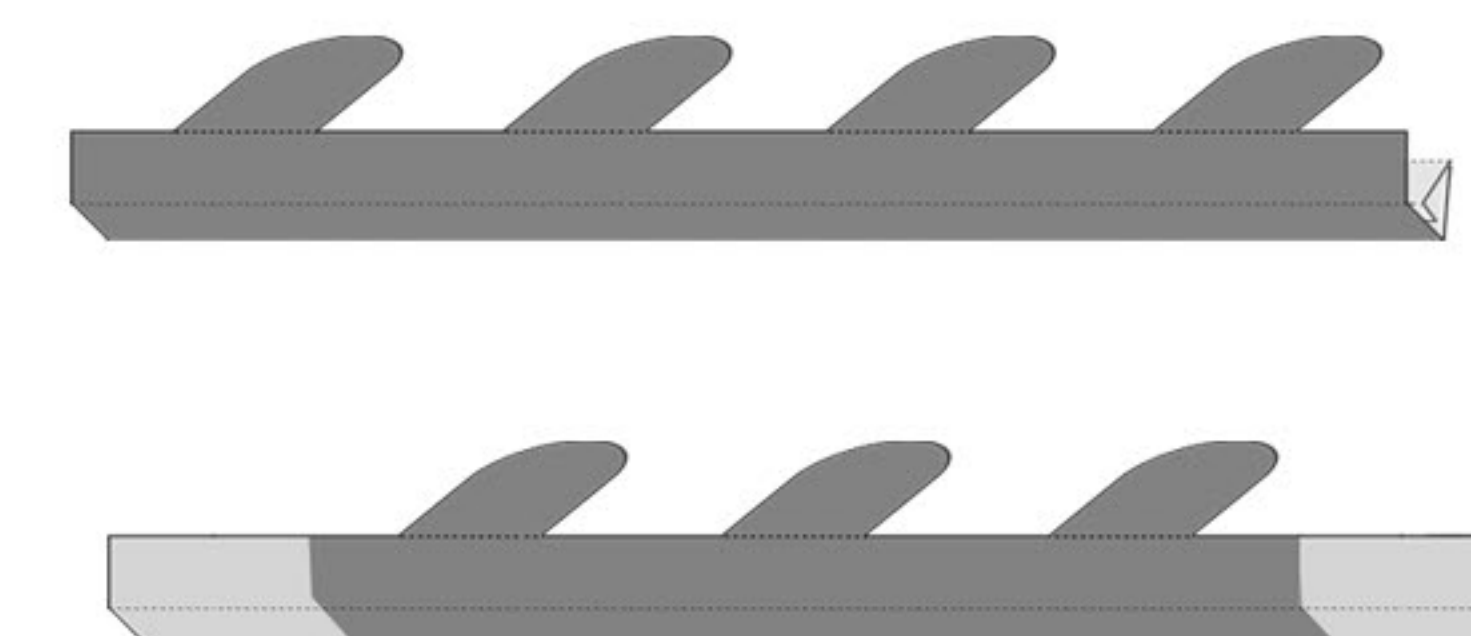

- 4) Glue or tape the bottom tabs to a paper plate, then slide a base ring over the target pole and tape the bottom tabs to it.
- 5) Tape or glue a number circle to the top.

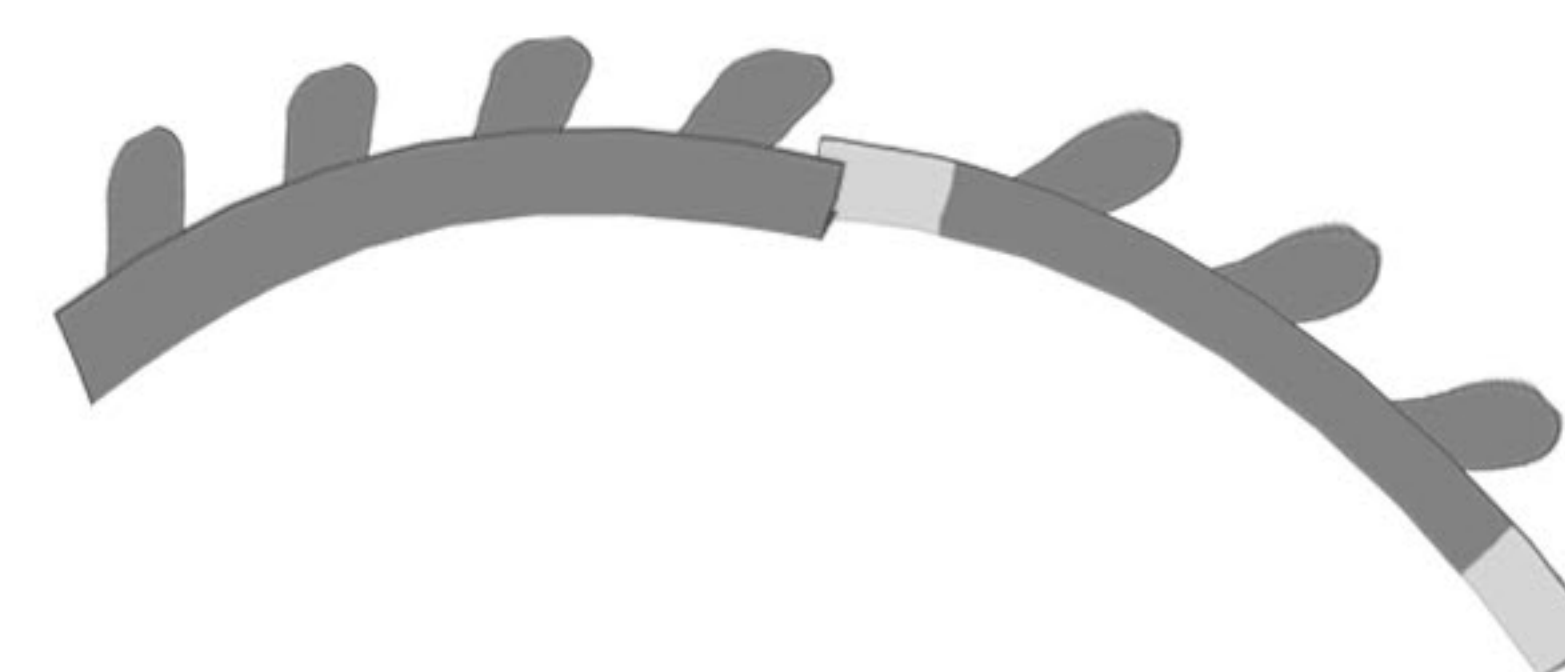

To Assemble the Rings:

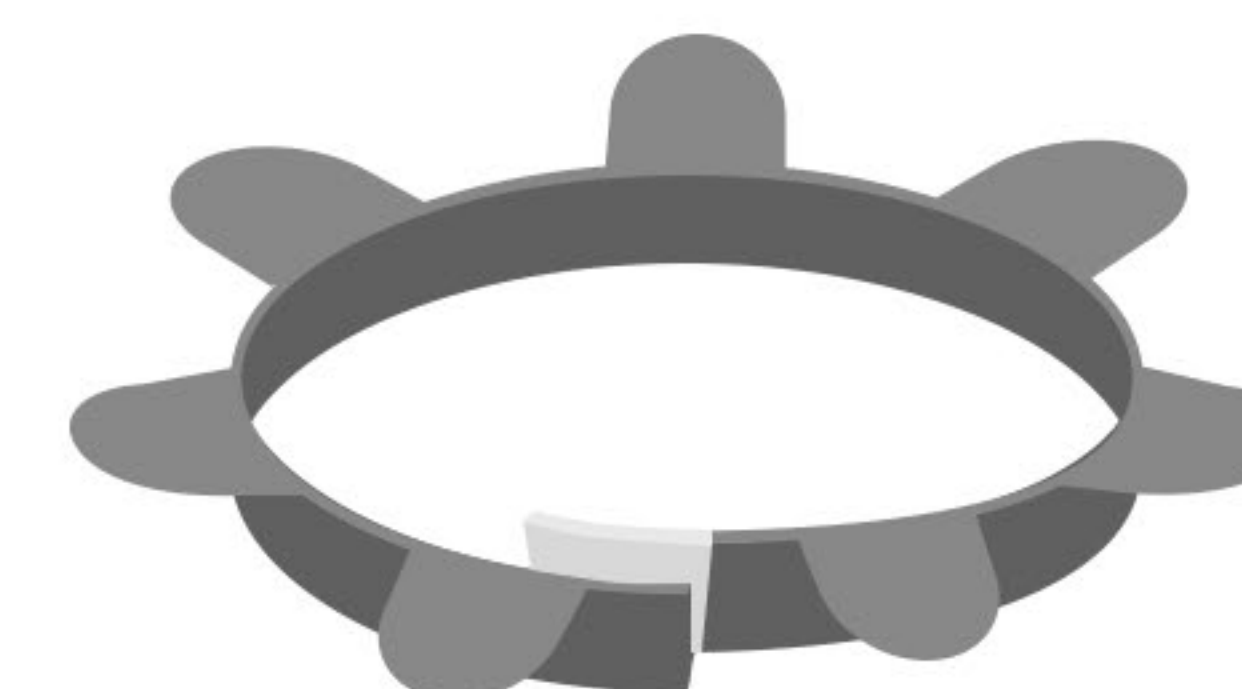

- 1) Cut out the ring pattern along all the black lines. Always have an adult help you with scissors.

- 2) Fold the layers in on themselves so the white rows are inside and colored rows are outside.
- 3) Fold the tabs with characters down.

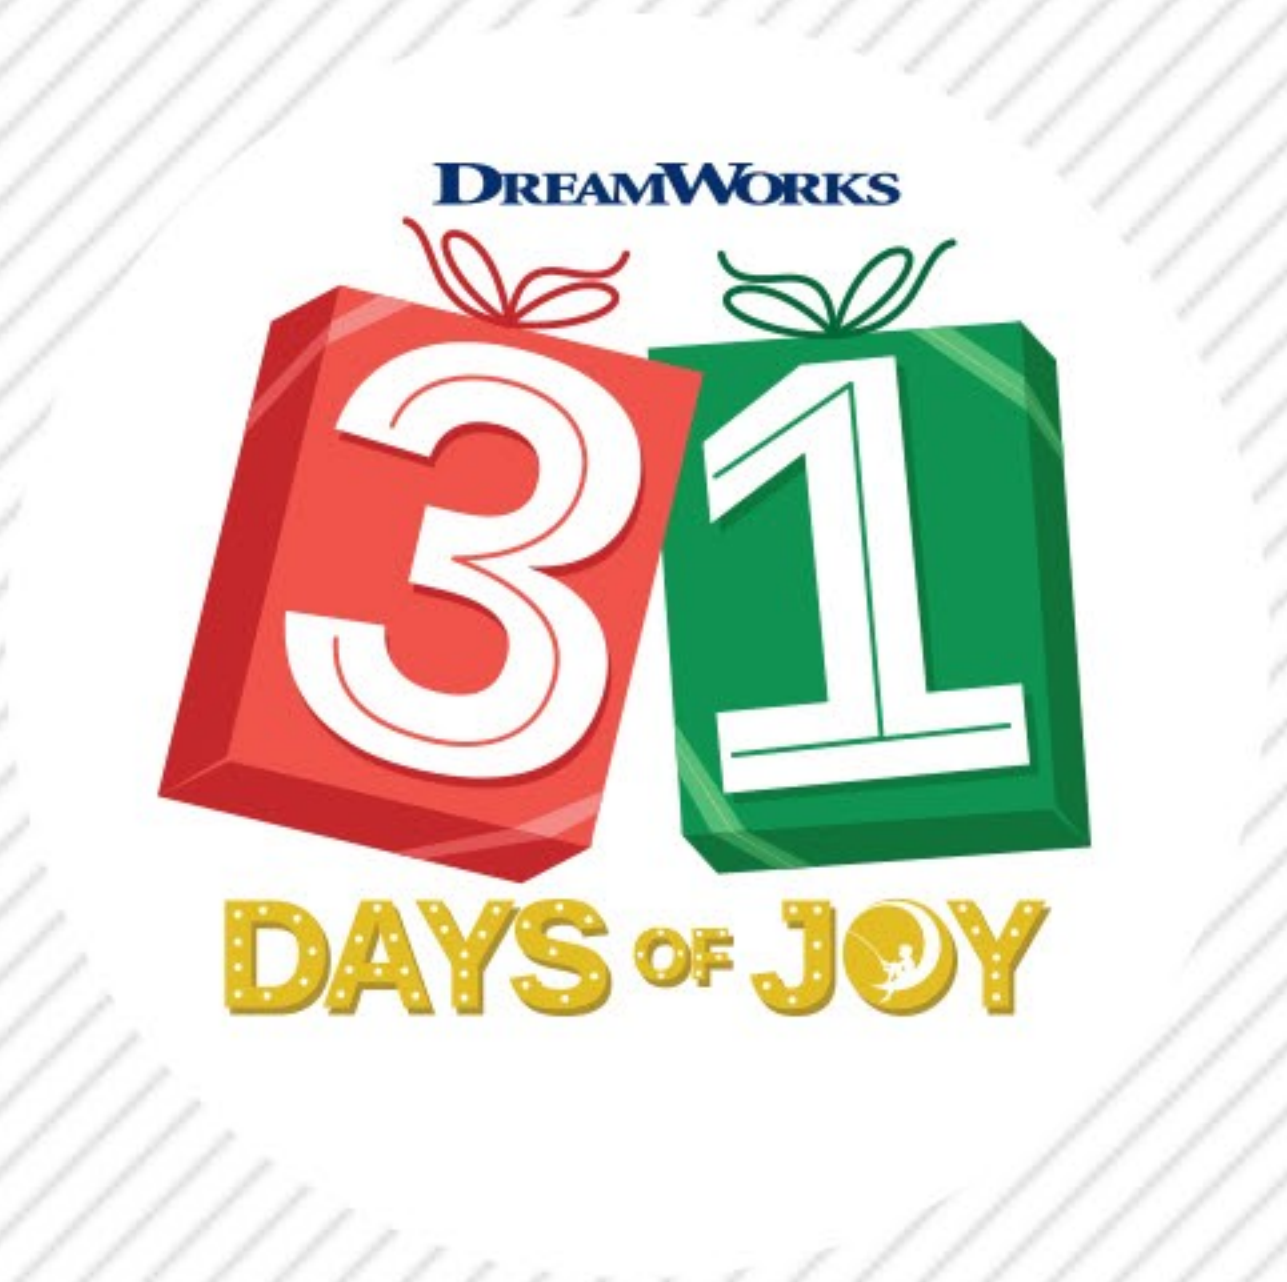

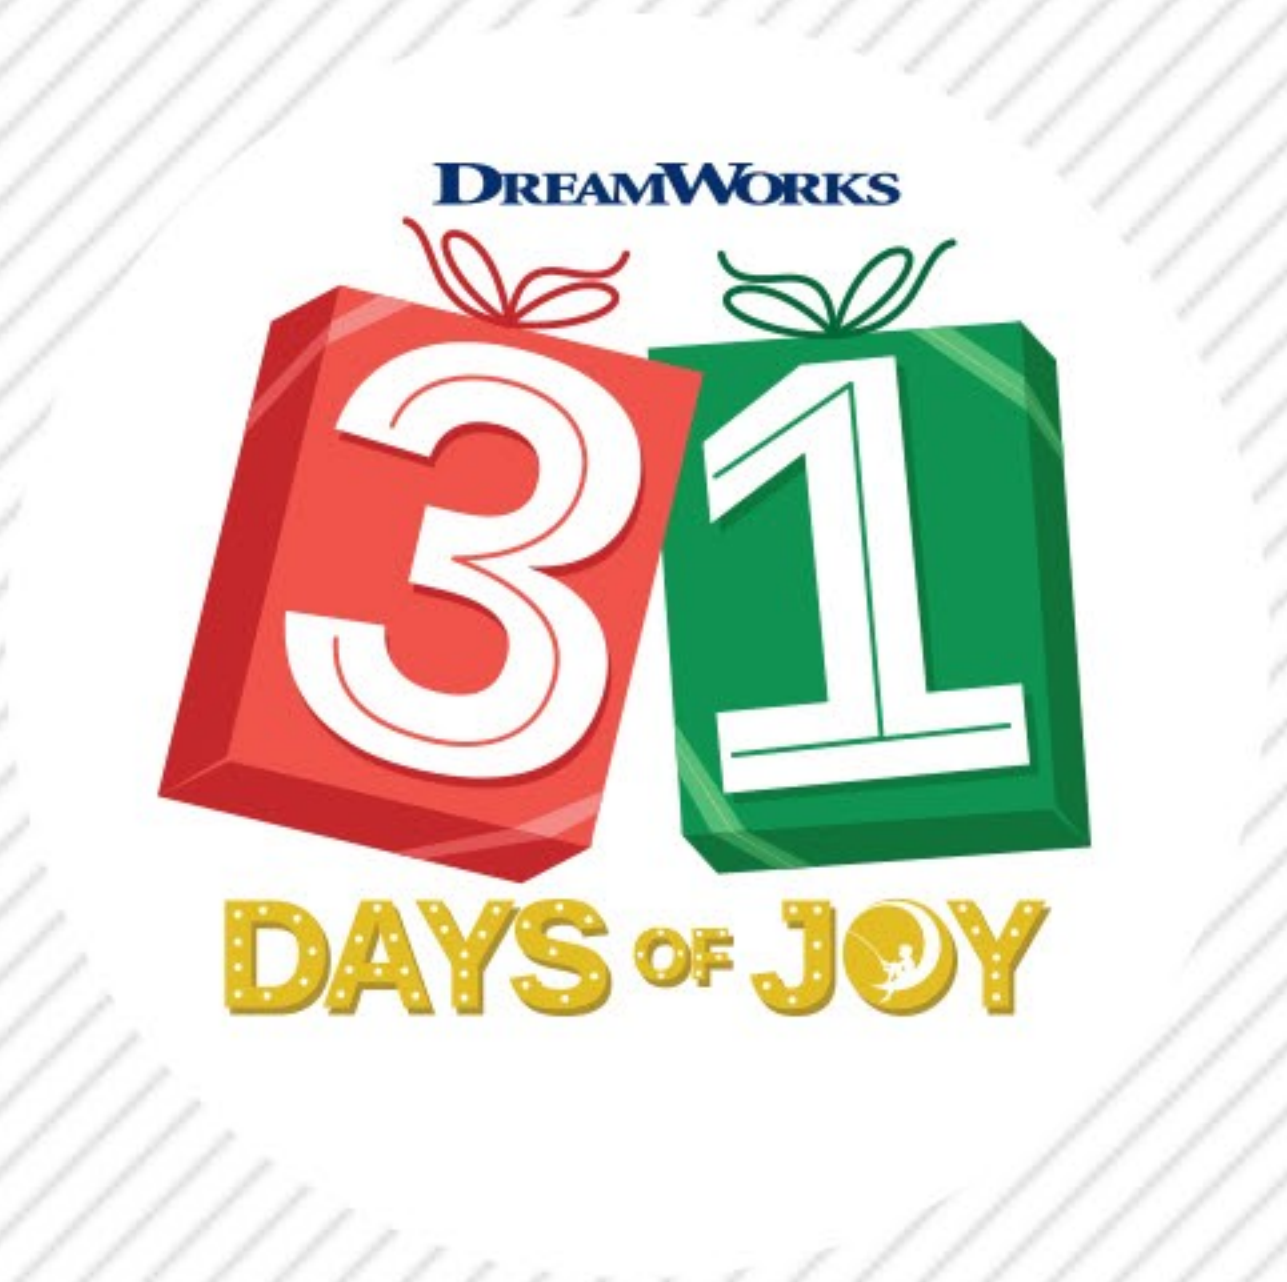

- 4) Insert one end of the shorter piece into an end of the longer piece and tape together.

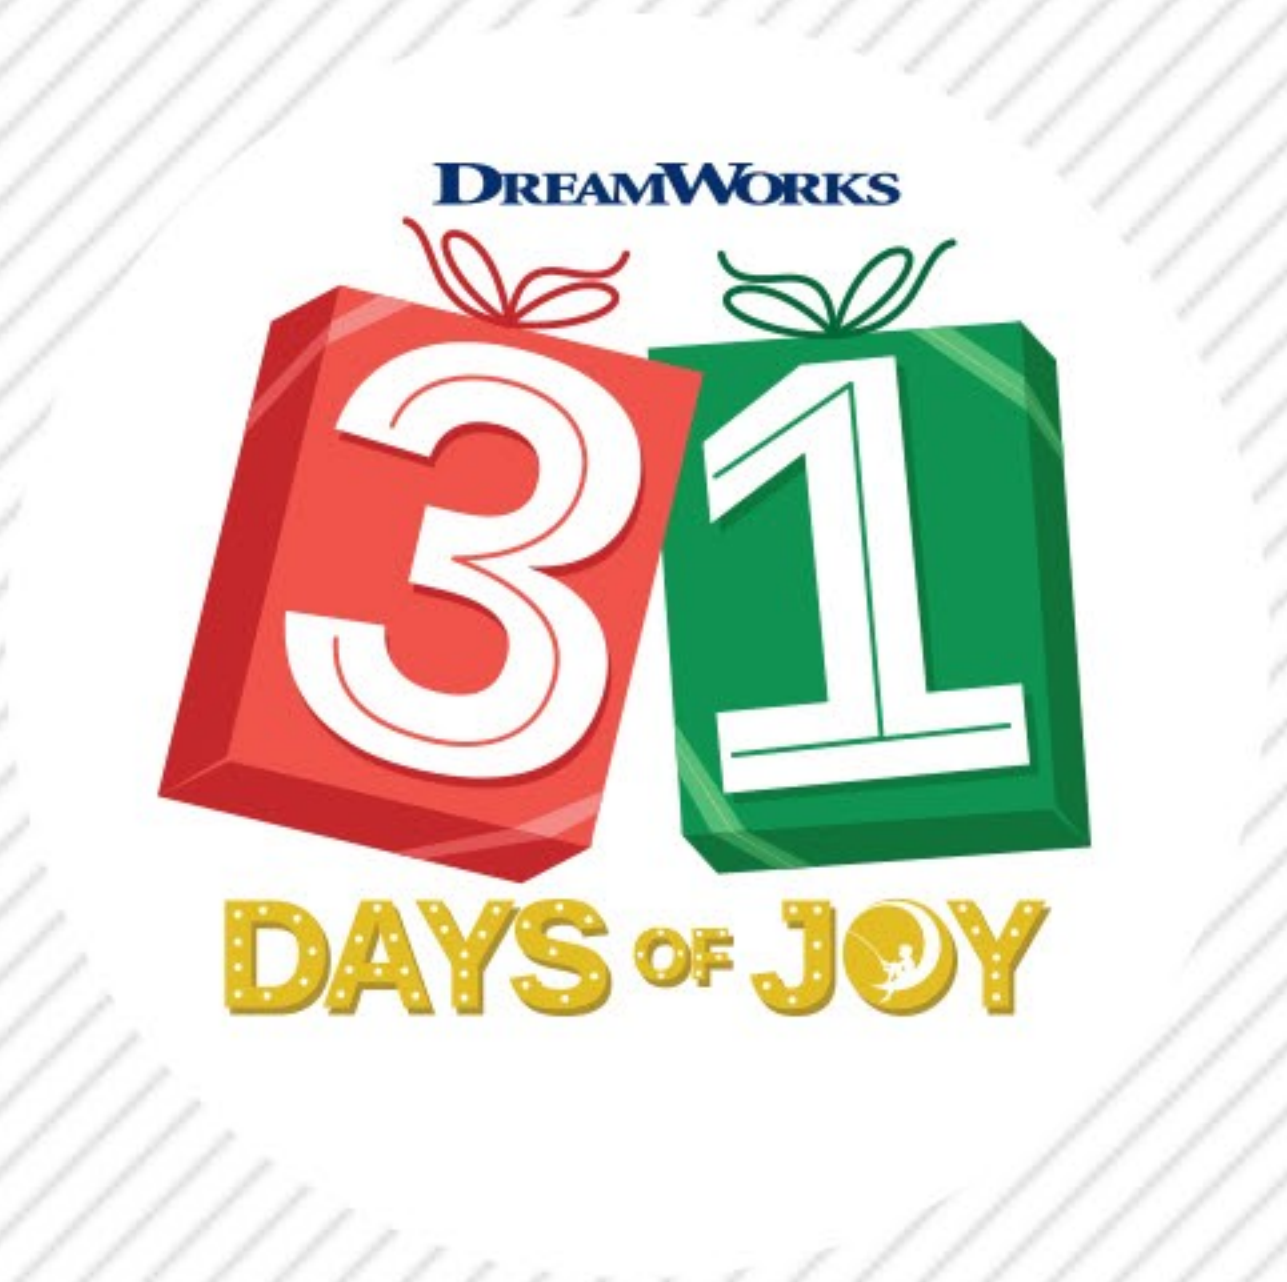

- 5) Loop the ring around with the character tabs facing out on top, and tape the other two ends together.

Blank area for writing a message, featuring a large red band with dashed lines for cutting.
