Baby Box Instructions

Materials needed:

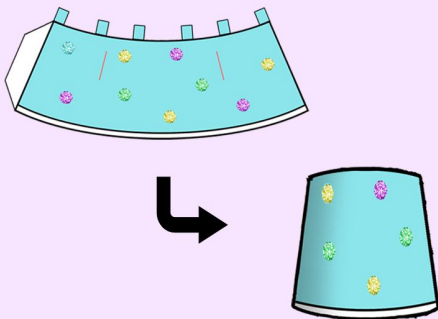

Printed template, scissors, exacto knife, glue

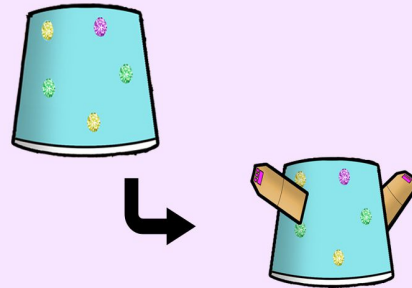

1. Cut around whiskers, fold the head along the inner black lines, and then glue the head together

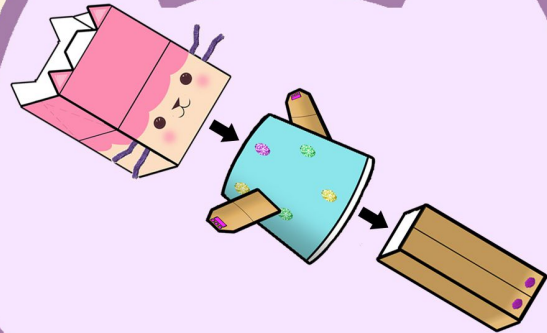

2. Fold along the inner lines where directed and glue together.

3. Cut a slit along the red lines. Glue the sides of the cup together

4. Fold arms in half and slide the tabs through the slits. Glue the tabs to the inside of the cup.

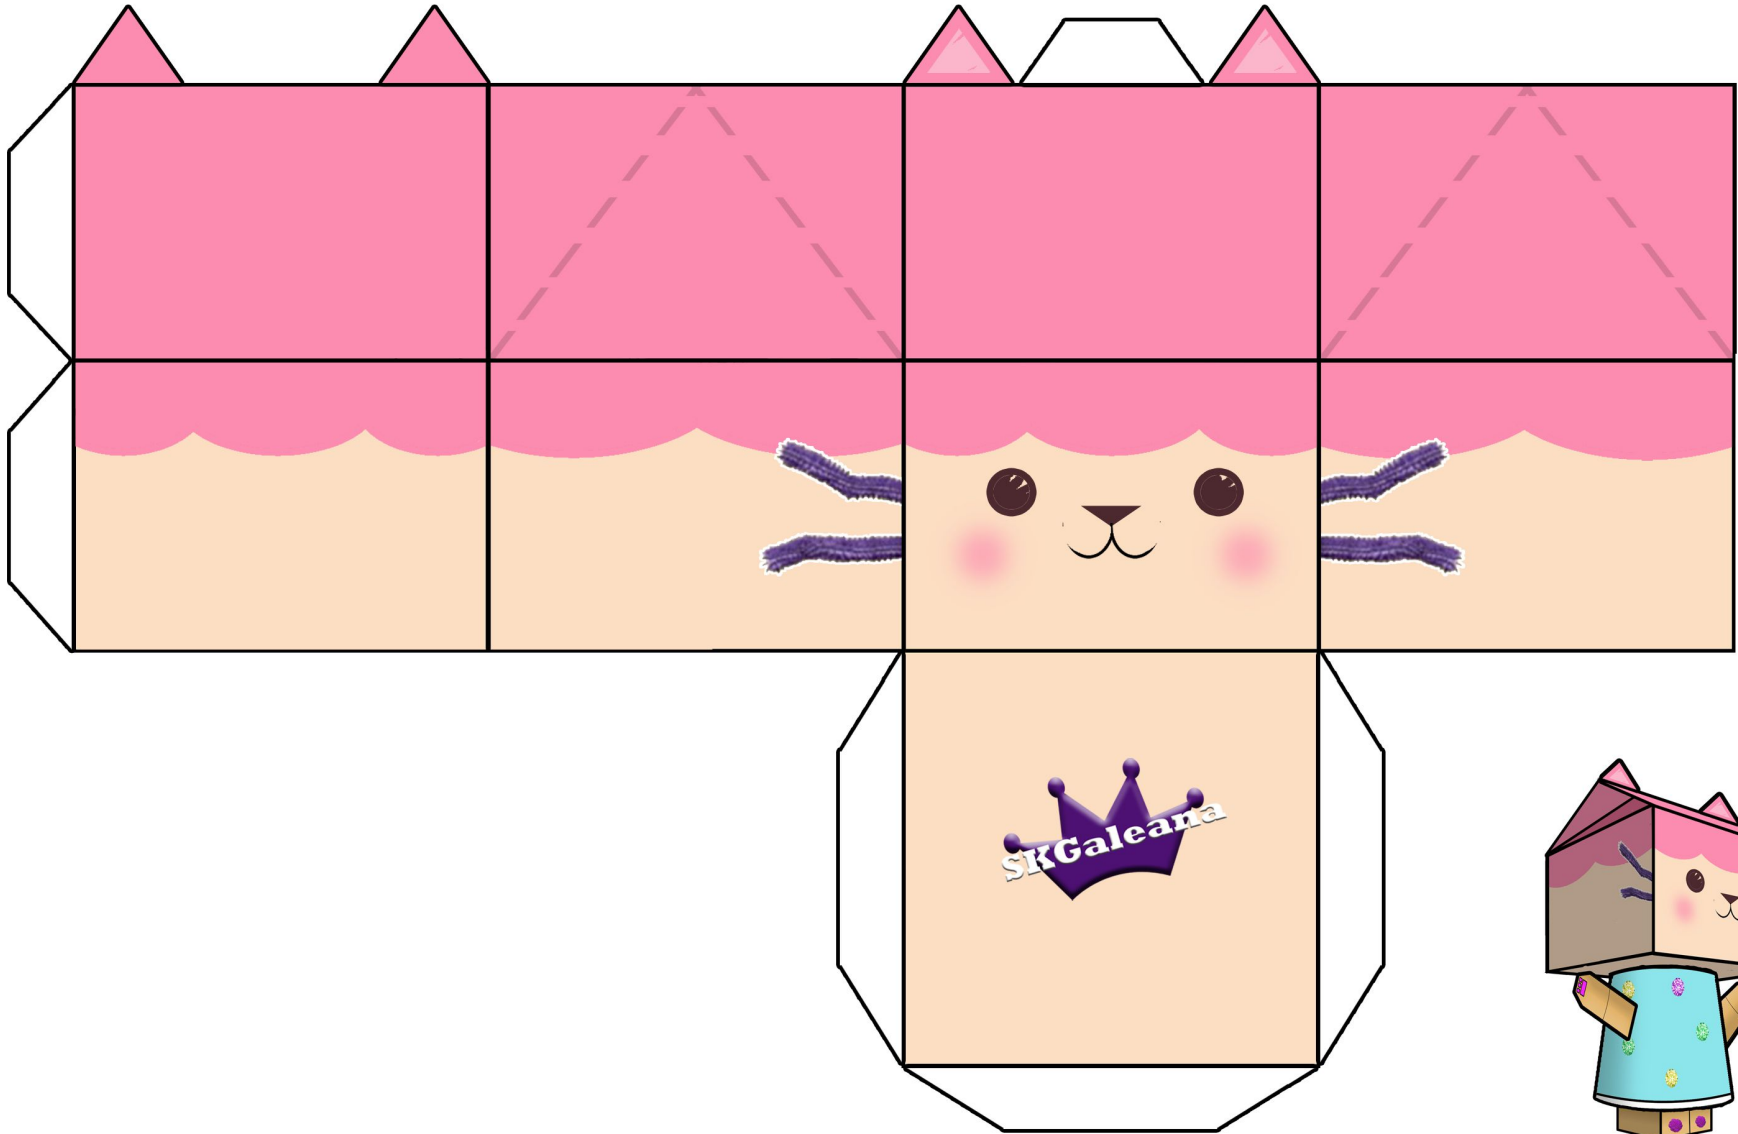

5. Glue the body to the head and glue the legs inside the body

6. Fold up the sides of the head like a milk carton and glue shut
