TRICERATOPS SUNCATCHER CRAFT

SUPPLIES

- Template • Sponge Brush • Scissors • String • Sheet of wax paper the size of a piece of paper
- Tissue paper (red, orange, yellow, dark pink) • Glue • Bowl • Hole puncher • 1 Wiggle Eye

Available on
March 23

INSTRUCTIONS

1. Print the template on cardstock and cut out the inner white areas.
2. Pour glue into a bowl and cut the strips of tissue paper into several triangle shapes.
3. In small increments: a) Place a layer of glue on the wax paper using the sponge brush. b) Haphazardly place a layer of tissue paper on top of the layer of glue. c) Using the sponge brush, place a layer of glue on top of the recently placed tissue paper.
4. Repeat until you have an 8x8 inch piece of art. Let it dry.
5. Once all the tissue paper is dry, glue the template over the tissue paper art and glue a wiggle eye below the horns, near the mouth. Let it dry.
6. Cut around the border of the triceratops suncatcher, punch a hole at the top where it has the best balance of weight, tie a string through the hole, and hang the suncatcher in a window.
