NOW ON DVD

## INSTRUCTIONS

1. Print out character fortune teller pdf file and trim off excess paper.
2. To fold character fortune teller, first place paper so that side with design is facing down. Then fold paper into triangle by bringing bottom right corner to meet top left corner of square. Crease paper along edge of fold, then unfold it. Repeat process to fold second triangle, this time bringing bottom left corner to meet top right corner of square. Crease paper along edge of fold, then unfold it.
3. Using creases as a guide, fold each corner of square into center, bringing each point to intersection of creases in middle.
4. Flip square over and repeat prior step, folding each corner into center to line up each corner with center point.
5. Carefully fold new square in half, then unfold it and fold square in half the other way. Place thumbs and index fingers in pockets of paper and gently push them up and together to complete character fortune teller.
6. To play, choose one of four words or numbers displayed and open and close fortune teller corresponding number of times or letters. Repeat step twice and reveal character that is underneath final selection to determine which character you are.
