Lilo and Stitch were excited; their friend _____ had just arrived all the way from _____ to visit them in Hawaii! "Look, there he is! I hope he remembered to bring a swimsuit," Lilo said. "Hyazza tocumma pfizzz," said Stitch. They both waved hello to _____, who was walking towards them on the beach.

But just then, a bolt of bright light shot across the blue Hawaiian sky, and everyone saw a strange blue object crash into the trees on the beach. "Uh-oh," said Lilo, "that looks like trouble!"

Lilo, Stitch, and CHILD NAME hurried to the spot where the mysterious object had landed. Sure enough, it was a small spaceship with white stripes and funny little symbols on it. Suddenly, a hatch popped open, and a cute little creature popped its yellow head out. "Denaba tokusu?" it said.

"Aw, it's so cute!" said Lilo. Stitch tugged at the hem of her dress and shook his head frantically. "What's wrong, Stitch?" she asked. Suddenly the little alien flew towards a palm tree and popped the whole thing into its mouth - crunch, crunch and the tree was gone!

Lilo couldn't believe her eyes. "Did you see that?" she asked CHILD NAME, who nodded in disbelief.

The furry little alien grabbed another tree, and then a beach chair, and then an umbrella. Crunch! Gulp! They disappeared, and he looked around for more.

"He sure is hungry!" said Lilo. "If we don't stop him, he could eat up the whole island!" She was scared. "Maybe Jumba knows how to stop him."

Lilo, Stitch, and CHILD NAME rushed to Jumba's laboratory. "Jumba, there's a new alien in town - and he's hungry!" Lilo yelled. "Oh, this is very bad," he said. "What you have there is a Prizzlefetter. Very dangerous - he will eat everything until the island is gone... unless he gets his favorite food!"

"What's his favorite food?" yelled Lilo.

"Nobody knows," sighed Jumba, shaking his head. "I can't help you. But they're cute little ✿ 6 ✿"

Lilo and Stitch ran back outside and found the Prizzlefetter munching on Jumba's car, starting with his tires. "Stitch, we're doomed!" cried Lilo.

Then suddenly _____ had an idea. "My favorite food is _____, and I always carry some with me. Maybe he'd like some?" "Let's try it!" said Lilo.

_____ opened his suitcase, took out some _____ and offered it to the Prizzlefetter. The alien took an enormous bite. Suddenly, he said loudly, "YUMMMM!" He gobbled the rest up, then curled up under a palm tree and fell fast asleep.

"_____, you've saved the day!" cried Lilo. "Come on you guys, let's celebrate by going surfing." "Cowabunga!" said Stitch.
