1) Print the template on regular paper or cardstock and cut out the pieces. Make all folds along dotted lines.

2) Using glue our double-sided tape, secure the tabs on Stitch's body to their corresponding pieces.

3) After his body is complete, fold Stitch's right arm so the design is two-sided, then secure with glue or double-sided tape. Do the same with Stitch's tail. **Note: do not stick the tabs together.**

4) Fold the tabs on Stitch's right arm outward, and secure where indicated on the right side of Stitch's body.

5) Fold the tabs on Stitch's tail outward, and secure where indicated on his back.
