DIY CARDBOARD TRUCKS

INSTRUCTIONS

1. Remove any packaging from box.
2. Paint outside of box in your choice of PAW Patrol color or cover with construction paper.
3. Paint paper plates black or cut out black construction paper into large circles to make tires.
4. Paint front top flap (short end) white for the windshield.
5. Take the two long flaps and bend the corner inward at an angle to glue on the windshield. For best results, use a hot glue gun to glue the two sections to the back of the windshield flap.
6. Using more paint or construction paper add details (ladder, radiator, side windows).
7. Glue the wheels to the sides of the box near the bottom.
8. Poke holes in each corner at the top.
9. Put a piece of string or twine from front to back and tie. Repeat for other side.
10. Cut a large hole in the bottom of the box.
11. Cut out PAW Patrol logos and glue to the vehicle.

SUPPLIES

- 1 Large Cardboard Boxes
- Paint or Construction Paper
- Glue
